ANSWERS TO QUESTIONS CONCERNING LIBRARY

The report published in the Pine Cone of June 1st was not meant by the board to be a financial report. It was merely a list of facts concerning the library and the disposition of the budget. The full annual report of the board will be ready July 1st, as usual, and will be printed in the local papers.

A CAREFUL SURVEY of all library cards is being carried on by the board and the staff, to CHECK THE RIGHTS of all borrowers. The fact that this list is so high in comparison with the census may be partly accounted for by the fact that the last census was taken in 1930, although it was not published until 1932. Many new families have come here since then. Moreover, the census counts only those living within the city limits, whereas people living out of town may have cards provided they are taxpayers in Carmel.

The crucial point about the whole library question is whether the reduction of the tax will compensate the taxpayer for what he will lose in curtailing library activities. Each cent of reduction in tax the rate reduces the library budget over $300. If the tax is reduced one-seventh the library will lose $1000 a year. This would greatly cripple its activities, and would not be much of a help to the taxpayer.

It has been stated several times that the list of new books appearing from time to time in the papers [illegible] those bought for Carmel library. The librarain is paid $18 by the county as custodian of these books. She is responsible for them. It is impossible to separate all the work of dealing with county books from the activities of the library because they keep coming in and going out with the other books.

The money received from fines and rentals is used to buy new books. The amount left over from the budget after all other expenses have been paid is not adequate for this purpose. A statement of the amounts received from fines and rentals will be found in the financial report.

People living outside the city limits pay $3.00 a card unless they are taxpayers in Carmel. There are 30 outside borrowers. Temporary borrowers pay $2.00 a card of which $1.00 is refunded when they leave. If they stay over 6 months they are considered permanent and the money is refunded.

In considering the matter of economy it is not a question of how much money is spent in relation to the size of the town, but of how many books are circulated and how many people are served with the money spent. Carmel library has a daily average of 282 books. Each borrower takes out an average of 39 books a month. This is an exeremely high figure, perhaps higher than any other city in the United States. It shows that Carmel is a reading community, and is making full use of its library.—D. C.

WALTER R. TAVERNETTI FOR COUNTY ASSESSOR

Another candidate to announce for re-election is Walter R. Tavernetti, county assessor, who to date has no opposition. Mr. Tavernetti has a record of service and consideration of the taxpayers that is going to make him a hard man to beat even if anyone should oppose him. He was appointed to the office in September 1919 and prior to that he was a field deputy for five years.

Mr. Tavernetti has had very few complaints that have had to go before the board of equalization since his assessments have always been fair and impartial and he he has made every effort to settle any disputes without the necessity of going before the board.

L. N. Jones of Petaluma is in Carmel this week reconditioning his house on Camino Real after its winter's occupancy.

S. W. Forsman and family of Pasadena are making a short stay at their home in Pebble Beach.

Sunset School Trustees Hold Important Meeting Tuesday Night

Whether the aditorium is or is not an important thing in the education of the students of Sunset School was discussed by some of the citizens who met with the school trustees at their regular monthly meeting Tuesday evening, when it became known that about two-thirds of the money asked in the bond election is to be used in making that building safe according to the new state specifications. The opinion of the majority present was that the auditorium plays an important part in the development of the pupils, although the usual suggestion to tear the building down was offered. Mrs. Ann Sheets asked the board to call for another bond issue of $6,000 to be used on the class rooms, and to close the auditorium as unsafe.

Should the $20,000 bond issue to be voted on June 26 carry, it will raise taxes about 5 cents on the hundred it was brought out at the meeting, so that a person whose property is assessed at $5,000 will pay an additional $2.50 per year. The bonds run for ten years with $2,000 to be paid off each year.

Chairman E. H. Ewig reported that Sunset so far has still a $2,000 credit at Salinas which may be available for use here or may be turned back into the general fund to be distributed to other schools in the state depending on what decision is made in the higher courts.

Minutes of previous meetings brought out the fact that Principal O. W. Bardarson had been hired for the coming year at his previous salary and that the auditorium would be rented to the Carmel Music Society at the same rental required last year, $37.50 per concert.

Trustee Daisy Taylor refused to sign the minutes of the meeting at which Mr. Bardarson was hired, objecting to the contents of a letter which Mrs. Levinson, as secretary, had sent her stating there "would be no change." Mrs. Levinson explained that she meant there would be no change in Mr. Bardarson's status as supervising principal, County Superintendent Force so having informed Chairman Ewig. Mrs. Taylor was unable to attend the meeting in question.

A daily average attendance of 302 students was reported.

Following is the budget which has been adopted for the coming year. The tax rate will remain the same.

Several Carmel people have received invitations to an open forum at the Carmel Art Gallery next Friday evening, June 22, at p. m.

SANITARY BOARD ANNOUNCES CHANGES

Changes in reorganization wherein the Carmel Sanitary District will come under the Act of 1923 instead of the out-dated one under which they have been struggling are being made.

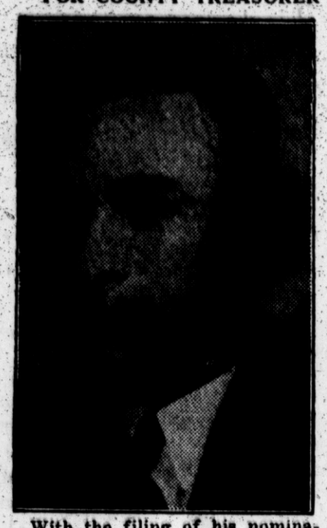
Under the act of 1923 it is clearly set forth just what part the city shall have in sewer maintenance and what part the sanitary district will play. Heretofore it has not been clear as to which department should care for the clogged up mains and it has been taken care of by the council in the past but under the new duties, it is said, the trustees of the district will stand the expense.

SENATOR YOUNG IS SPEAKER AT MEETING

Pine Inn was the scene of the peace officers' conference Tuesday night when about forty members met and enjoyed a dinner and program.

A most interesting and instructive talk illustrated with slides was given by Senator Young of Los Gatos on the Narcotic Evil.

RUSSELL W. GILES FOR COUNTY TREASURER



With the filing of his nomination papers this week, Russell W. Giles, prominent businessman of Pacific Grove formally entered the race for the office of County Treasurer although the rumor has been current for the past two months that he would seek the office.

Mr. Giles received his elementary and high school education in our neighboring city of Hollister. Following his graduation from high school he was employed by the Southern Pacific Co., for five years in the accounting department. He resigned this position to accept a similar position with the Standard Oil company, which he held for four years. In 1922 he resigned from the Standard Oil company to enter the men's clothing and furnishings business for himself in Pacific Grove in which business he is now engaged.

From the time Mr. Giles established his residence in Pacific Grove, fifteen years ago, he has been prominently identified with the civic affairs of his community, He is a director of the Chamber of Commerce, past president and director of the Merchants association and secretary-treasurer of the Exchange club. He is married and has four children, his wife being the daughter of one of the pioneer families of the County, Mr. and Mrs. William Varien.

In entering the race for treasurer, Mr. Giles makes the following brief statement: "While I have always taken an active interest in public affairs, this is my first venture into politics. In view of the fact that approximately 42 per cent of the taxes of the County are paid by the taxpayers of the Monterey Peninsula, I feel that it is only right and proper that at least one of the County officers should be a Monterey Peninsula resident. I am confident that with my nine years of accounting experience and twelve years of practical business experience, I am well qualified to conduct the affairs of the office which I seek, and respectfully ask the consideration of the voters in the August primary."

FIRST OPEN REHEARSAL OF PENHA QUARTET

The Summer Session of Music under the Carmel Music Society actually began last Tuesday evening when the Penha Piano Quartet held its first open rehearsal of the summer in the Denny-Watrous Gallery. Subscribers for the Summer Series walked in with a feeling of satisfaction and possession — that this achievement was partly theirs and that they were a part and parcel of it.

Theodore Norman, the violinist and new member of the Quartet, was received with enthusiasm and appreciation It was obvious that the earnest listening group felt that he "belonged." Quartets of Loellet and Schumann, and a string trio by Beethoven were in rehearsal.

Ask anyone who was there if it wasn't fun to have the rehearsals again, to sit informally and listen to chamber music, and to have our Penha, Linsley, Weiss and Norman came trooping in with their instruments all ready for the evening's work.

LIBRARY NOT SUBJECT OF COUNCIL MEETING

Although a council meeting has been called for July 20, the subject of the library will not be brought up at that time, according to officials. The purpose of next Wednesday's meeting is to discuss the form of the business license blanks.

Miss Joy Ballam who has been with her mother in the southern part of the state has returned to Carmel for a stay.

Mr. and Mrs. A. C. Grimshaw have gone to their old home in Utah for a week's visit.

STARS ENJOY PICNIC IN CARMEL VALLEY

With games and outdoor activities, the members of the Monterey chapter of the Eastern Star enjoyed a picnic last Sunday on the Schulte ranch in Carmel Valley.

The picnic is an annual affair looked forward to by all the Stars. About eighty were present to partake of the delicious dinner served on long tables set under the trees. Mr. and Mrs. Charles Watson of Carmel and Mr. and Mrs. Edmund Gooch headed the committee on arrangements.

LEGION POST SOON TO BE ORGANIZED HERE

Carmel will soon have a post of the American Legion. A preliminary meeting was held at the Manzanita club this week and many plans made which will be put into effect as soon as possible. Until the organization is perfected, the members will meet as a club. They expect to get their charter in the fall.

Jimmy Regan has been appointed as temporary chairman. There are forty members here who will join the post.

Mrs. R. A. Kocher has gone to Beverly Hills after a winter spent in the L. N. Jones house on Camino Real.

W. Pickering of San Francisco is spending a month in Carmel in the Lafrenz house.

Miss M. E. Turner and her mother of Berkeley are occupying their cottage, Cock's Crow, on Monte Verde for a week.

The above is a scene from Rancho Carmelo, located 15 miles up Carmel Valley in a beautiful spot away from the fog. Besides, the location, however, Mr. and Mrs. K. D. Mathiot, the proprietors, have a wonderful lot of heirlooms that delight the heart of a lover of beautiful antiques. A curlyleaf maple dresser from Washington's home at Valley Forge matches the four-poster bed inherited from ancestors, and brass and silverware vie with each other for attraction in the large living room, made cozy by an immense fireplace and comfortable furniture.

THREE CITIES TAKING STEPS FOR CHEAP WATER

Along with A. G. Metz of Monterey, and William Fiddes of Pacific Grove, Frederick Paxton Howard will represent Carmel in the fact finding committee of the three cities who will make recommendations in regard to the water situation on the peninsula. A decrease in rates is asked by the cities.

At the last meeting of the city council $100 was appropriated to help pay the expenses of the committee, Monterey and Pacific Grove each appropriating $100.

GEORGE STONE DRAWS CROWD AT LECTURE

George Stone who spoke last week on "To Gallapagos We Will Go," and who will speak tonight on "The Charm of England" will close a series of lectures next Thursday evening, June 21, with "The Spirit of Italy". The series has been well received.

Mr. Stone has been appointed instructor in the science department of the state teachers' college, located at San Jose and will have charge of the photographic work of that institution by which he will train students in the use of the stereoptican in educational use.

In his lecture last week Mr. Stone spoke frequently of Joe Slevin. It will be interesting to Carmel people to know that Mr. Slevin is a brother of L. S. Slevin of this city, and is one of the greatest herpetologists in the world. Mr. Slevin was chosen to make the trip to Gallapagos because he alone would be able to classify any animals which might be found. In his "Log of the Academy," one may read the many thrilling things which happened on the trip. He brought back specimens of the tortoises found there and they are now on exhibition at the Academy of Science in San Francisco where Mr. Slevin is curator.

ARTHUR STORY DIES FROM HEART ATTACK

Stricken with a heart attack Saturday afternoon at his home on Third and Lincoln, Arthur Story, well known Carmel, resident, passed away, at the age of 59 years.

Mr. Story had charge of the lookout Station at Chew's Ridge and was getting ready to leave for that point for the summer months.

Mr. Story was born in Engalnd graduated from Cambridge and came to the Unietd States when a young man. He was interested in the drama, heading the Little Theatre in Chicago, but leaving the East to come to Idaho and then to California in search of health.

He will be missed among the devotees to the play readings at Pine Inn as he took an active part in them, and in fact, had planned to read a series of plays here next winter. He was very much admired and respected by all who knew him.

Mr. Story and his wife, Mary Frazee Story, had spent the past six years in Carmel. No other relatives live here. The body was sent to Santa Cruz for cremation.

CARL EWALD GRUNSKY DEAD AT AGE OF 79

A news item of interest to Carmel people appeared in the San Francisco Caronicle of last Sunday, telling of the death of Carl Ewald Grunsky, noted civil engineer, who passed away in Berkeley at the age of 79 years.

It will be remembered by the old timers that when the late Capt. Maxwell was serving on the city council here, Mr. Grunsky came to Carmel at his request and worked out a report for the proper sewer construction for this district, and through his friendship for Capt. Maxwell, charged but $500 for his six months' work. Records show the plan was never used.

Mr. Grunsky's obituary tells of many important things Mr. Grunsky did and many responsible positions filled, among which was the positionas advisor to the secretary of the interior under President Theodore Roosevelt.

CONTRACTORS' LICENSES MUST BE RENEWED SOON

Carmel contractors, if there are any who have not done so, must renew their licenses by June 30. This is the second time this notice has appeared in Carmel Sun but it is repeated for the sake of those who may have overlooked this important step.

Under the law, all contractors in the state must re-register. The renewal fee has been set at $5.00 if the renewal application is filed before June 30, but after June 30 an additional fee of $5.00 will be required. All contractors must have licenses.

FARM HOME DEPARTMENTS HOLD ANNUAL MEETING

"Cost of Medical Care" was the subject of Senator Tickle's address before the members of the farm home departments at their annual luncheon meeting held in Salinas last week.

Miss Anne Olson, county home demonstration agent, told of the fine work of the 4-H club in this county and the presidents of the different branches read their annual reports.

Mrs. William Hatton of Corral de Tierra told of the work done throughout the year in home furnishings and garden work.

The meeting was held at Santa Lucia Inn.

NURSES' ASSOCIATION TO HAVE PROGRAM

Many Carmel people have purchased tickets to the classical and semi-classical concert to be given in the Pacific Grove high school auditorium Friday evening, June 15 under the auspices of the Monterey County Nurses' association.

The proceeds from the concert will go toward helping support the free clinic operated by the nurses, a report of which appears in another column of this issue.

Featured radio stars will present the program, among them being Eugene Mancini, tenor, and Frank Triena, violinist. Pearl Weaver Guild and Robert Rath will be the accompanists.

LARGE CROWD ATTENDS BARN DANCE SATURDAY

More than 1,000 people attended the barn dance at the old polo club last Saturday night given by the American Legion to raise money to send the drum corps to the legion convention to be held in Oakland.

As a house guest of Mrs. Sidney Fish, Mary Pickford was the guest of honor. Miss Pickford won the hearts of all by her kindliness throughout the evening. She made a short talk expressing her pleasure at being present. Mrs. Fish thanked all those who had helped make the evening a success.

CHOOSE THE TIRE CHAMPIONS BUY
Firestone
Tires have been on the winning cars in the gruelling Indianapolis 500-Mile Race
FOR 18 CONSECUTIVE YEARS

EVERY winner in the 500-Mile Indianapolis Race — the most gruelling tire test in the world — drove to victory on Firestone High Speed Tires.

Race drivers know that heat generated by friction inside the cotton cords is the greatest enemy of tire life. These men will not risk their lives on any but Firestone Tires, because they know the high stretch cords in every Firestone Tire are protected by the Firestone patented process of Gum-Dipping.

Gum-Dipping soaks the high stretch cords in liquid rubber and saturates and coats the millions of fibers inside the cords, counteracting destructive friction and heat. It provides greater adhesion between the plies of the tire, and between the Gum-Dipped cord [illegible] Engineers kept pace [illegible] new car developments by building stronger, safer tires to meet the exacting demands. Drive in today and equip your car with new Firestone High Speed Tires for 1934, with deeper, thicker, flatter, and wider non-skid tread, more and tougher rubber, more traction, giving you more than 50% longer non-skid mileage.

Remember, in Firestone High Speed Tires there is Greater Strength — Greater Safety — and Greater Blowout Protection than in any tire made.

THE ADHESION TEST

Note how the rubber in a Firestone Tire clings to the high stretch Gum-Dipped cords. This greater adhesion and strength is made possible by the Firestone patented process of Gum-Dipping.

Note how the rubber in an ordinary tire pulls away from the cords that have not been soaked and insulated with rubber. This causes friction and heat within the cords, resulting in separation.

HEALTH CENTER REPORT REVEALS SCOPE OF WORK

Six months of service to the Peninsula was concluded last month by the Monterey Peninsula Health Center, which is conducted under the auspices of the Monterey County Nurses' association.

The semi-annual report, submitted by Margaret C. Riecks, RN; Ruth F. Temple, RN, and Elva Berg Arehart, RN, shows that 231 needy families have received medical attention through the Health Center during the past half year.

These families, which otherwise would go without necessary medical treatment, have been thoroughly investigated and are definitely deserving of the help they received. A great deal of the Health Center's success is due to the cooperation it has had from the various service clubs on the peninsula.

The Center is now closed until July 10. During the next two weeks the nurses plan to remove tonsils from several children who are in need of that operation, and thereafter there will be vacation until July 10.

The report of the Center is as follows:

Total number of families receiving medical attention	231
Total number of patients receiving medical attention	686
Average number of patients treated monthly	114
No. of tonsil operations performed	45
No. of tonsil operations paid for by patient	29
No. of tonsil operations paid for by clinic	10
No. of tonsil operations paid for by school nurse	6
No. of tonsil patients on waiting list	23
No. of tubercular patients diagnosed	3
No. of maternity patients delivered	3
No. of maternity patients referred to county hospital through Miss Carey	7
No. of patients referred to county hospital	5
No. of patients referred to family physician	12
No. of home calls at which nursing care was given	45
No. of Wassermans taken	33
No. of X-rays taken	3
Paid by patients	1
Paid by clinic	2
No. of patients fitted with glasses	21
Paid by patients	16
Paid by clinic	5

If you do not own real estate, and have not paid your automobile taxes by July, delinquency fees will be charged and both taxes and fees will have to be paid before you may secure a new license.

If you are a property owner you may havve your registration card receipted and pay your car taxes with your property taxes.

CHRISTIAN SCIENCE CHURCH

"God the Preserver of Man" will be the subject of the lesson-sermon Sunday, June 17, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "As birds flying, so will the Lord of hosts defend Jerusalem; defending also he will deliver it; and passing over he will preserve it" (Isaiah 31:5). Other Bible citations will include: "I have set the Lord always before me; because he is at my right hand, I shall not be moved" (Psalms 16:8).

The Lesson-Sermon will also include the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the creator of man, and, the divine Principle of man remaining perfect, the divine idea or reflection, man, remains perfect . . . . The relations of God and man, divine Principle and idea, are indestructable in Science; and Science knows no lapse from nor return to harmony, but holds the divine order or spiritual law, in which God and all that He creates are perfect and eternal, to have remained unchanged in its eternal history" (p. 470).

CARMEL TO BE HOST TO ONE HUNDRED

Carmel will be host to 100 visiting firemen, members of the Tri-County Firemen's association which will meet here June 13.

There will be a business meeting, a banquet and program. Committees have been appointed from the ranks of the local firemen to see that everything goes off perfectly.

The association meets once every three months.

FRANK OYER ANNOUNCES CANDIDACY CONSTABLE

Of unusual interest in political circles on the Monterey Peninsula is the announcement of Frank Oyer that he is a candidate for the office of constable of Monterey Township.

He is the son of the late William A. Oyer, formerly sheriff of Monterey county and later chief of police of the city of Monterey. He is a native of the Monterey Peninsula, although he received his education in the Salinas schools, graduating from the Salinas High school, later attending Santa Clara University. Upon leaving the University he came directly to Monterey where he has since made his home.

Because of his close association with his father in the latter's work as a peace officer he is familiar with the duties of the office he is seeking, in civil as well as criminal lines, and if elected he pledges he will serve the people of Monterey Township to the best of his ability and strive for efficiency in the work of the office and will give every duty he is called upon to perform his diligent and prompt attention.

MOTHER OF GREGORY HAS BEEN POSTPONED

"Mother of Gregory" scheduled for June 29 and 30 at the Community Playhouse, has been postponed until later in the summer on account of illness in the family of Miss Georgia Wapple, playing the leading character.

"Counsellor-at-Law" the first summer offering of the Playhouse will be produced Friday and Saturday nights, July 6 and 7 and 13 and 14.

Mr. and Mrs. Hugh Comstock and children will leave Friday for a fishing trip into Canada, going first to Vancouver.

Carmel will be the home during July and August of Mr. and Mrs. John Mathys and two sons of Minneapolis and Mrs. Mathys' sister, Miss Beth Cahoon of Racine, Wisconsin.

Benjamin Carlos is the name of the new son born to Mr. and Mrs. B. Artellan of Carmel Valley at El Adobe hospital in Monterey last Friday. The young man weighed nearly nine pounds. He has three brothers.

Notince of intention to wed was filed yesterday by Earl Van Zandt, 38, of Carmel and a native of Tennessee, and Helen M. Martin, 38, resident of Salinas, native of California.

Dr. and Mrs. T. Grant Phillips who have spent the past few months in the guest house of Mrs. Hill in the Highlands, have reutrned to Carmel and are living at Santa Fe and Mountain View. Mrs. Hill has returned home from a trip to Europe and will be here for the coming two months.

The young son of Mr. and Mrs. Stanley Wood fell from his bicycle Monday and knocked out a tooth and received cuts and bruises about his face. He was picked up by Mr. and Mrs. Lawrence Melrose, and was taken to the clinic for treatment.

Mrs. Vera Peck Millis and her house guest, Mrs. William Palmer Lucas of San Francisco, accompanied by Miss Glenna Peck, Mr. and Mrs. Willard W. Wheeler and Mrs. George Blackman, enjoyed the first part of the week at the Trails club in Big Sur.

Ranald Cockburn of the Pine Cone is improving rapidly after a second trip to the hospital.

Gordon Armsby has been enjoying a stay at his beautiful ranch in Carmel Valley.

Mr. and Mrs. Frank Steffan, of Oakland, bride and groom, from whose clothes trickled bushels of rice, stopped in Carmel Tuesday afternoon and were dinner guests of Mr. and Mrs. Joeeph Hitchcock on Dolores.

Mrs. H. L. Spencer of Stella's Dry Goods store spent Saturday night and Sunday at her home on Ben Lomond.

CARMEL MUSIC SOCIETY SUMMER SERIES IS RECEIVING SUPPORT

The Carmel Music Society is jubilant, for subscriptions for the Summer Season are fast coming in. The personal calls made by the various captains and their lieutenants are resulting in many new members, and doors are opened wide to the zealous enthusiasts. Captain Max Hagemeyer, (aged twelve) reports fine progress in his district; Captain Gwen Stearns has had practically one hundred per cent return; Captain-General Mary Marble dashes into the Gallery many times a day waving one more card signed by cooperating business men and women up and down Ocean avenue and Dolores Street.

Alex McGarrugh spent the week-end with relatives in Santa Cruz.

Miss Hallie Sampson has been transacting business in San Francisco this week.

Grant Wills and wife are leaving soon for their annual fishing trip. They will fish in Pitt River this year.

Prof. and Mrs. L. A. Williams and family will occupy their own cottage Stonehearth on Camino Real for the coming week-end.

Carmel people will be interested and pleased to learn that Paul Fligel, who formerly lived here, has recently won a contest over 250 entrants and has secured a scholarship to an art school in Hollywood. Mr. Fligel has been in Hollywood for some time.

Miss Marian Minges who went to San Francisco last week to take her lesson in ballet, had the privilege of dancing in the new opera house since her teacher was working there at that time.

WINIFRED CHRISTIE TO OPEN MUSIC SOCIETY

The opening of the Carmel Music Society is always a brilliant affair, and the first concert of the Summer Series on June 26 in the Sunset School Auditorium will be no exception. Winifred Christie, Scotch pianist, whose name is known throughout Europe and America, is summering in Carmel, a "resident artist". Miss Christie has brought with her the Moor Double Keyboard piano, installing it in the Highlands Studio which she has taken for her stay here. It is this famed instrument, which she played daily for over a month at the Century of Progress, on which Miss Christie will play her recital on June 26 in Carmel.

Handel, Bach, Chopin and Debussy will be on the program. Such a work as Handel's "Chaconne" and Chopin's B flat minor Sonata will especially show the increased sonority, tone color and resources of the Double Keyboard Piano.

As a concert pianist Winifred Christie has played over and again with the leading symphonies of Boston, New York, Chicago, etc., and has appeared in solo programs throughout this country and in Europe. The Double Keyboard Piano was invented by Emmanuel Moor, Winifred Christie's husband in 1921. The need for an improved piano was forseen by Beethoven, Listz, Schumann—who himself invented a tonal pedal instrument— Chopin and many other great musicians. Mr. Moor perfected his invention with untold labor and bitter opposition from "big interests."

The model which Mme. Christie will play in her concert for the Carmel Music Society on the twenty-sixth was perfected in 1930. She has played on it in Switzerland, throughout Germany, Holland, France, England, Italy, in all the larger musical centers of Europe. She has played it under the baton of Bruno Walter, Mengelberg and conductors of equal note.

Olin Downes of the New York Times thus characterized Winifred Christie's pianism:

"Miss Christie's performances are generally distinguished by exceptional technical finish, beauty, sensitiveness and taste."

TRY OUT FOR CHORUS STILL CARRIED ON

Try-outs for the A Cappella chorus to be directed by Michel Penha are still going on. Appointments for meeting Mr. Penha may be made through the gallerq. It is likely that the first rehearsal will be held next Wednesday.

COMMUNITY GUILD ENJOYS FINE PROGRAM

The Community Church guild held its regular bi-monthly meeting Wednesday evening. There were 64 members and friends present. After the business meeting a delightful program was given by June Delight and her pupils.

Call 155M, Miss Marjory Pegram, for short auto trips, long trips or sight seeing tours. 1tp

Miss Marjorie Pegram has just returned from a 17,000 mile trip by automobile, driving from here to Florida and making many side trips. She and her two fares attended the Mardi Gras several months ago. Miss Pegram is ready to begin her usual work again of taking people who do not drive on small or long trips.

BRIDGE LUNCHEON AT HIGHLANDS STUDIO

Highlands Studio was the pretty scene of a bridge luncheon given last week by Mrs. A. H. Hawkins of Pacific Grove to eleven friends. The guests expressed high appreciation of the lovely luncheon and the beautiful surroundings.

Mrs. O. Easton of Fresno has returned to her home after a month spent in Genista.

Major E. Totten, U. S. Army, retired, with his wife, has moved into the house on Camino Real which he recently purchased from the Webbs.

Calista Rogers, who sang second soprano in "Stabat Mater," will spend the summer in Carmel having arrived from Pasadena last week.

Mr. and Mrs. Barnett of the Homestead are enjoying a visit from their son, Hoyt Barnett, who is connected with the Harris and Ewings News Picture Bureau in Washington, D. C. The young man is very enthusiastic about his work and will be returning to Washington soon.
